

Laser Source **KT-3500**

www.kt-elec.com

Feature

- ☐ Locate the sharp bends and breaks in jacketed or bare fibers
- ☐ End to end continuity check in jacketed or bare fibers
- ☐ Identifying fibers and connectors in patch panel

SPECIFICATION

Type	KT-3500
Wavelength	650±10 nm
Fiber Model	SM/MM
Output Power	1mw
working distance	5 Km
Spectral Width	≤5 nm
Emission	CW or 2Hz
Optical Connector	FC or Universal 2.5mm adaptor
Power Supply	alkaline batteries (2 AA 1.5V)
Battery Operating Time	30 h
Operating Temperature	-10~+60 °C
Storage Temperature	-25~+70 °C
Dimension	100mm(W)×50 mm(D)×25 mm(H)
Weight	50 g
